

DECEMBER 2004

“OUR NEXT MEETING AND LAUNCH”

Our next meeting, unless otherwise notified, will be held on **Thursday, January 20, 2005** at the **Saturn Dealer in the Valley Auto Mall**, the address is **310 Gibson Road**, in Henderson. The start time will be at 7:00pm. Our meetings are held in one of the meeting rooms on the second floor.

“RECAP OF THE DECEMBER MEETING”

Our December meeting was called to order by Kendall Reed. I brought in a bathroom scale that has been converted to a data logger to evaluate motor performance. Kendall brought in some plans on a pulse jet engine.

Saturday flights got off to a bang. As I was approaching the lake bed there was a white trail of smoke leaving the lake bed. Kendal had launched an H-123 in his untouchable rocket. As I pulled up to the launch area they were on a successful mission to recover the rocket. I setup and flew my Phobos with a H-112 black jack. Zachary Koenig flew his No Clue with a M1100 It weighs in at 24 lbs and 8.5 feet tall using dual deployment. Dan Spencer had his children on the lake bed launching An Estes Bull pup. They weren't aware that we were also out on the lake bed but after seeing Zachary's rocket they came over and flew with us. The Estes Bull pup is a nice flying rocket with 8 flights for the day. My Snitch made 4 flights and a home built C6-5 made one. There were two memorable flights by Kendal for using the longest delay possible.

This news letter is sent out by E-Mail and is posted on the clubs web page. If you would like to be added to the list or if you need to change your E-Mail please send a note to larryljohnson@cox.net.

New Certs
