

# JANUARY 2010

We fly them all, large and small, come on out!

If all goes well with the weather:

There will be a club meeting held at the launch, 10:00 a.m., Saturday, Jan. 23rd. At the February launch there will be a equipment cleaning day to prepare for "SpringFest". With SpringFest coming up we need to try and get raffle prizes together! Any and all ideas would be appreciated!

We have t-shirts that are available to buy. The white LDRS t-shirts will be sold for \$10.00 and the brown Tripoli Vegas shirts for \$20.00 (please buy our shirts so we can get a new style of T-Shirt.) Maybe you can use a new shirt because your old one is worn out?

We need volunteers to help with SpringFest. We will need people to help with setting up equipment and taking it down. We also need help with registration, RSO and LCO announcer. Even if you can only volunteer for 1 or 2 hours that would be extremely helpful.

weekend and Delamar, May, Memorial  
day weekend

**Bishop Gorman's Team America Challenge group attended our last launch. Their teacher & advisor Julie Longo was also in attendance. She is encouraging them to attend "SpringFest" and is putting out the word to other High Schools about our rocket launches. After talking to NAR president Dave Pacheco has agreed to be the Southern Nevada mentor for TARC. There was no mentor for this area. Thanks Dave, I know they appreciate it. Ron Wellman and Larry Johnson have volunteered to go to their school sometime in the future and help with demonstrations. Getting them interested and staying interested in rocketry is a terrific way to get new members.**

**On page 3 is a flier for SpringFest! Please copy it and give it to everyone and anyone you think would be interested in attending.**
